THE AMERICAN FUR TRADE ASSOCIATION

The American Fur Trade Association was organized in 1897 for the purpose of promoting the interests of the fur trade in America. It is a non-profit corporation, and its members are the fur traders of the United States. The Association has a number of departments, including a general department, a department of research, a department of education, and a department of public relations. The Association has also published a journal, the Journal of the American Fur Trade Association, which is devoted to the fur trade in America.

The Association has a number of publications, including the Journal of the American Fur Trade Association, which is published quarterly. The Association also has a number of other publications, including a yearbook, a directory, and a list of members. The Association has also a number of other activities, including the holding of annual meetings, the holding of conventions, and the holding of exhibitions.

BEAVER - MINK - MUSKRAT

The American Fur Trade Association has a number of departments, including a general department, a department of research, a department of education, and a department of public relations. The Association has also published a journal, the Journal of the American Fur Trade Association, which is devoted to the fur trade in America. The Association has a number of other publications, including a yearbook, a directory, and a list of members. The Association has also a number of other activities, including the holding of annual meetings, the holding of conventions, and the holding of exhibitions.

The American Fur Trade Association was organized in 1897 for the purpose of promoting the interests of the fur trade in America. It is a non-profit corporation, and its members are the fur traders of the United States. The Association has a number of departments, including a general department, a department of research, a department of education, and a department of public relations. The Association has also published a journal, the Journal of the American Fur Trade Association, which is devoted to the fur trade in America.

Beaver - Mink - Muskrat Trapping Data Reconciliation Report

Prepared by: Jim Williams
February, 1993

PURPOSE, SOURCE, AND CONTENT

The purpose of this project is to provide Department personnel working on the Wildlife Management Programmatic Environmental Impact Statement with a summary of Beaver, Mink, and Muskrat harvest data from 1971-1991. Harvest data were compiled from bound Harvest Survey reports and reconciled against other documents (microfiche) at the district, regional, and state levels from 1971-1991. There are 3 parts to this report: 1) Glossary of terms used, 2) Beaver, Mink, and Muskrat harvest data reconciliation guide, 3) Beaver, Mink, and Muskrat harvest data reconciliation report.

Beaver, Mink, and Muskrat data were reviewed and tabulated by year from 1971-1991. With the exception of fur trapping districts (below the regional level), methods of data collection remained relatively constant throughout the reconciliation period. The total statewide and regional number of fur trapping districts varied annually. This makes extensive trend comparisons for beaver, mink, and muskrat harvest below the regional level difficult. Both statewide and regional data appear to be most suited for trend data analysis. For the period 1971-1976, data were collected by region only (see reconciliation guide below).

Generally, documentation of beaver, mink, and muskrat harvest data improved in 1977 with the addition of a preface in the hard bound copy of the annual furbearer surveys to explain terms used. For the period 1989-1991, the fur trapping districts correspond to the deer/bear/lion hunting districts.

GLOSSARY OF TERMS USED

Trappers = total # of trappers

Trappers reported = total # of trappers surveyed

Total catch = total # of pelts harvested (expansion factor used)

Pelts = raw # of pelts collected from survey

Mean catch = total catch divided by the # of trappers

Days = total # of days trappers had 1 or more traps set

Mean effort = total trap days divided by total catch

BEAVER, MINK, AND MUSKRAT HARVEST DATA RECONCILIATION GUIDE

1991

A preface in bound hardcopy which explains terms was present. Fur trapping districts correspond to deer/bear/lion hunting districts.

161 total fur trapping districts

1990

Same as 1991

161 total fur trapping districts

1989

Same as 1990 except:

Districts dropped
104, 132

Districts added
611, 633

161 total fur trapping districts

1988

Complete rearrangement of fur trapping districts. Preface in hard bound copy explains terms used.

33 total fur trapping districts

1987

Same as 1988 except:

Districts dropped
205, 206, 303, 304, 305, 306,
307, 308, 309, 407, 408, 503,

Districts added
270, 299, 320, 399, 499,
580, 599,

28 total fur trapping districts

1986

Same as 1987 except:

Districts dropped

270, 320, 580,

Districts added

199, 299, 314,

27 total fur trapping districts

1985

Same as 1986 except:

Districts dropped

300, 314,

Districts added

310, 400,

27 total fur trapping districts

1984

Same as 1985 except:

Districts dropped

199, 299, 310, 399, 400, 401,
499, 599,

Districts added

205, 206, 300, 303, 304,
305, 306, 307, 308, 309,
407, 408, 503

32 total fur trapping districts

1983

Same as 1984 except:

No survey data on beaver were collected (pelts were tagged)

Districts dropped

299, 310, 399, 400, 401, 499,
599,

Districts added

101, 121, 122, 199, 205,
206, 300, 303, 304, 305,
306, 307, 308, 309, 407,
408, 503, 590,

32 total fur trapping districts

1982

Same as 1983 except:

No survey data on beaver were collected (pelts were tagged)

Districts dropped

101, 121, 122, 240, 299, 361,
400, 590,

Districts added

270, 320, 400, 410, 414,
710,

31 total fur trapping districts

1981

Complete fur trapping district rearrangement.

150 total fur trapping districts

No survey data on beaver were collected (pelts were tagged)

1980

Same as 1981 except:

No survey data on beaver were collected (pelts were tagged)

Districts dropped

282, 300, 310, 318, 422, 441, 447,
452, 453, 454, 550, 772, 773,

Districts added

198, 290, 316, 324, 326,
332, 350, 361, 401, 402,
415, 420, 424, 428, 449,
521, 522, 540, 560, 580,
621, 743, 770,

155 total fur trapping districts

1979

Same as 1980 except:

Districts dropped

198, 199, 200, 299, 316, 328, 329,
399, 422, 441, 447, 452, 453, 454,
500, 550, 772, 773,

Districts added

202, 282, 284, 318, 401,
402, 420, 424, 428, 449,
583, 744, 770,

155 total fur trapping districts

1978

Same as 1979 except:

Districts dropped

140, 270, 284, 318, 327, 332, 333,
361, 405, 422, 442, 477, 561, 562,
574, 621, 622, 691, 712, 713, 714,
732, 740, 741,

Districts added

198, 199, 200, 300, 310,
328, 329, 399, 415, 429,
449, 455, 472, 499, 500,
513, 560, 599, 699, 720,
730, 791, 799,

153 total fur trapping districts

1977

Same as 1978 except:

Districts dropped

141, 282, 300, 302, 310, 423, 424,
432, 441, 450, 455, 500, 550, 573,
583, 590, 631, 641, 680, 731, 743,
773, 791, 792,

Districts added

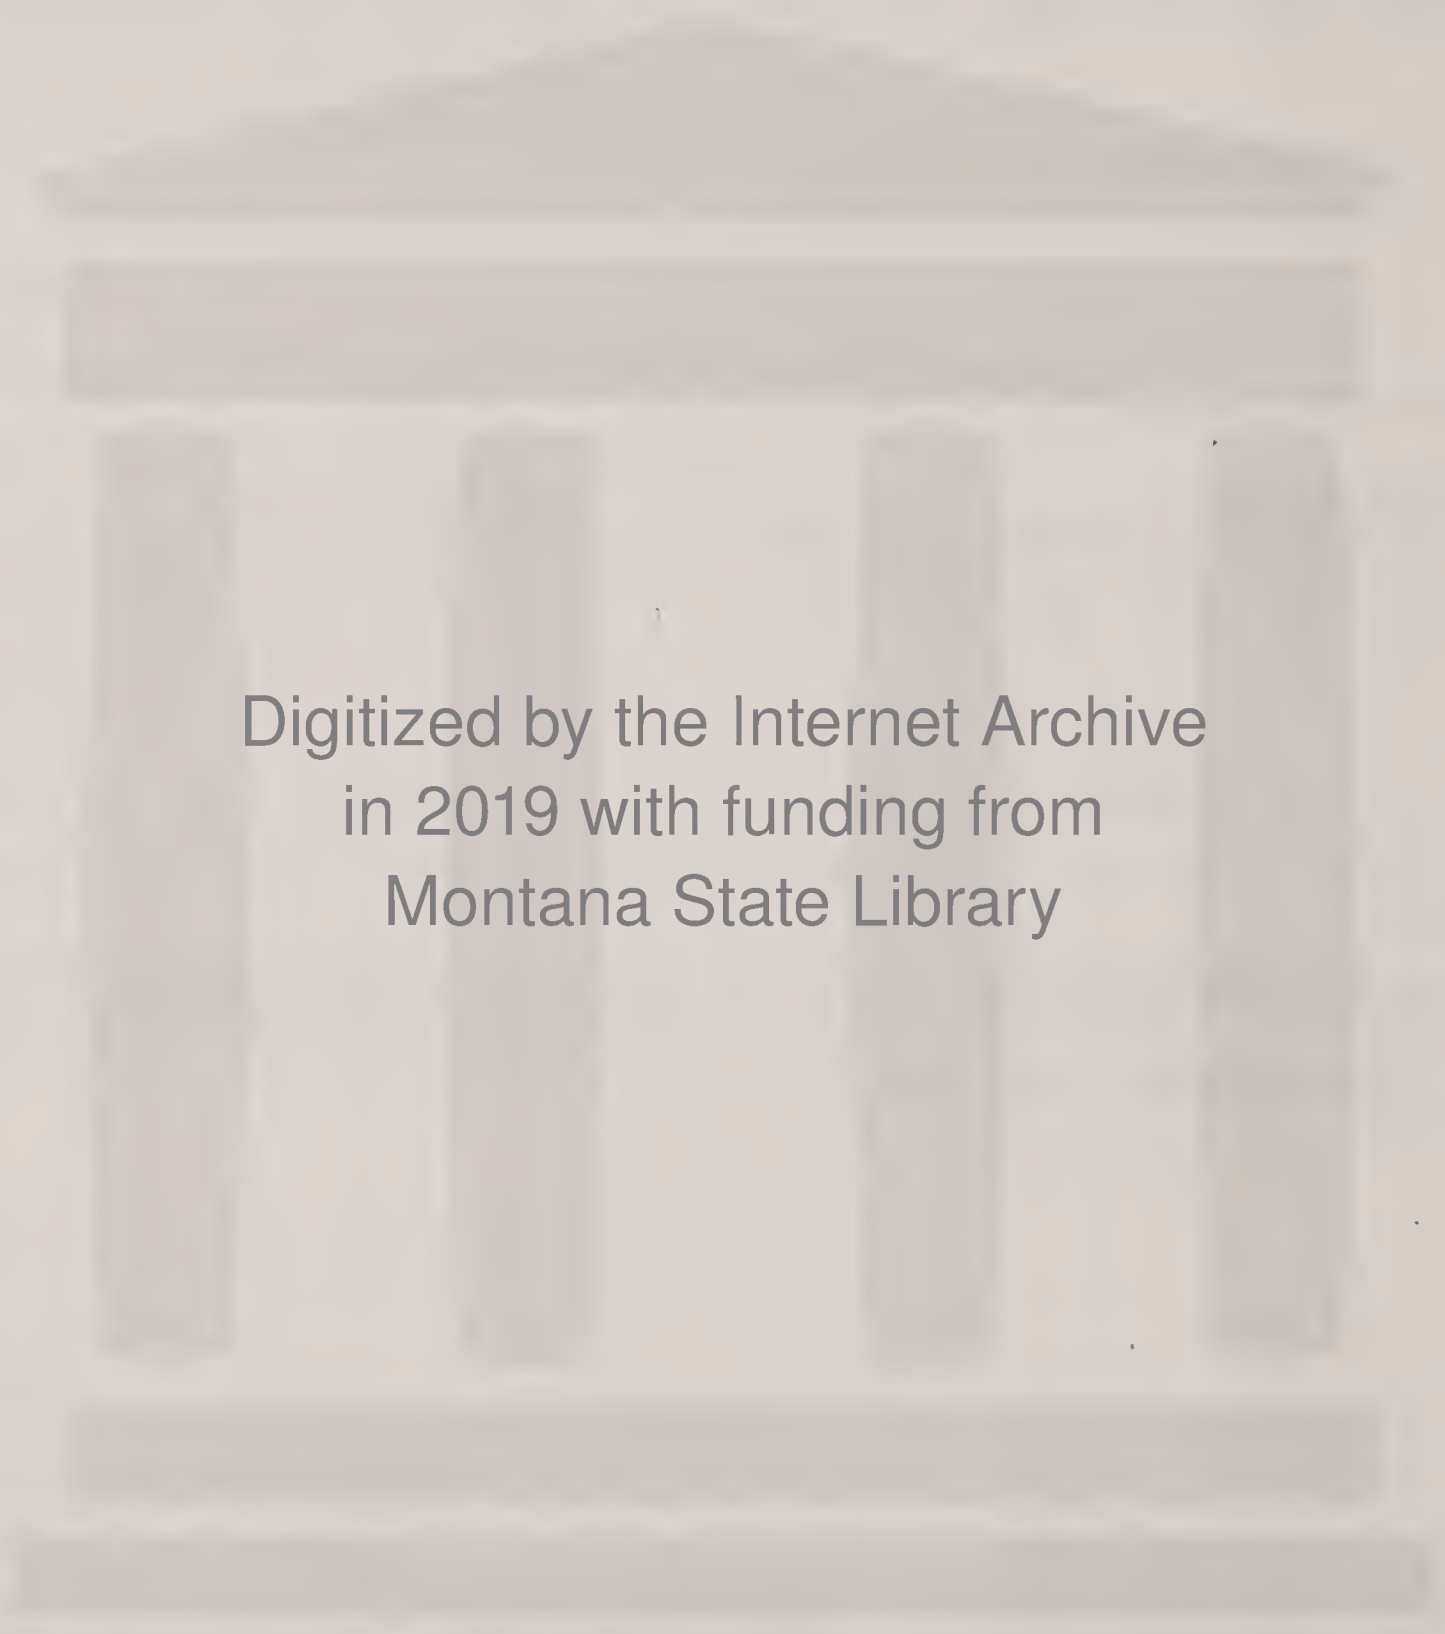

131, 140, 150, 270, 280,
318, 323, 332, 405, 422,
442, 477, 521, 550, 580,
621, 700, 721, 740, 741,
760,

152 total fur trapping districts

1976-1971

Fur trapping data were collected by region and state only.

7 total fur trapping regions

BOBCAT - LYNX - MARTEN

FISHER - WOLVERINE - OTTER

Bobcat - Lynx - Marten - Fisher - Wolverine - Otter Data Reconciliation Report

Prepared by: Jim Williams
February, 1993

PURPOSE, SOURCE, AND CONTENT

The purpose of this project is to provide Department personnel working on the Wildlife Management Programmatic Environmental Impact Statement with a summary of bobcat, lynx, marten, fisher, wolverine, and otter harvest data from 1971-1990. Harvest data were compiled from Fur Harvest Reports (Brian Giddings, pers. comm. February 1993) at the regional and state levels. There are 3 parts to this report: 1) Glossary of terms used, 2) Bobcat, lynx, marten, fisher, wolverine, and otter harvest data reconciliation guide, 3) Bobcat, lynx, marten, fisher, wolverine, and otter reconciliation report.

Furbearer species data were reviewed and tabulated by year from 1971-1990. Bobcat, lynx, marten, fisher, wolverine, and otter were all tagged furbearer species in Montana. Tagged furbearer species must be presented during or immediately following the individual legal harvest seasons to MDFWP personnel for data collection. Tagged furbearer species were not included in the general harvest surveys. Tagged furbearer species data is compiled at the MDFWP Headquarters in Helena, Montana by the furbearer coordinator. Data from tagged furbearer species are reported at both the regional and state levels.

Documentation of tagged furbearer species was relatively consistent for the time period reported. Statewide summaries of tagged furbearer species was complete with the exception of 1989, 1988, and 1987. Raw data are available but has not been compiled at the time of this report. Regional summaries of tagged furbearer species were complete with the exception of 1989, 1988, 1987, 1976, 1975, and 1974. Raw data are available but has not been compiled at the time of this report. Fisher harvest data are presented for the years 1985, 1986, and 1990 only.

GLOSSARY OF TERMS USED

Trappers = total # of furbearer trappers for an individual species
Total catch = total # of pelts harvested
Mean catch = total catch divided by the # of trappers
Price = dollar value of the individual furbearer pelt that year
Landowner = total # of active landowner trapping licenses
General = total # of active general trapping licenses
Total = total # of active trapping licenses

Bobcat - Lynx - Marten - Fisher - Wolverine - Otter
Reconciliation Guide

1990-1979

Harvest data for tagged furbearer species included both the number of pelts harvested by species and the dollar value of the individual furbearer pelt for the current year. The total number of active trapping licenses was reported for both landowners and general trappers.

1978-1977

Harvest data for tagged furbearer species included the number of trappers, the number of pelts harvested, mean catch, and the dollar value of the individual furbearer pelt for the current year. The total number of active trapping licenses was reported for both landowners and general trappers.

1976-1971

Harvest data for tagged furbearer species included the number of trappers, the number of pelts harvested, and the mean catch. The total number of active trapping licenses was reported for both landowners and general trappers. Estimates of mean catch per trapper were conservative as trappers reported rather than total trappers were used for calculations.

BADGER - COYOTE - FOX
RACCOON - SKUNK - WEASEL

Predator Trapping Data Reconciliation Report

Prepared by: Jim Williams
March, 1993

PURPOSE, SOURCE, AND CONTENT

The purpose of this project is to provide Department personnel working on the Wildlife Management Programmatic Environmental Impact Statement with a summary of Predator (badger, coyote, fox, raccoon, skunk, and weasel) harvest data from 1971-1991. Harvest data were compiled from bound Harvest Survey reports and reconciled against other documents (microfiche) at the district, regional, and state levels from 1971-1991. There are 3 parts to this report: 1) Glossary of terms used, 2) Predator harvest data reconciliation guide, 3) Predator harvest data reconciliation report.

Predator data were reviewed and tabulated by year from 1971-1991. With the exception of fur trapping districts (below the regional level), methods of data collection remained relatively constant throughout the reconciliation period. The total statewide and regional number of fur trapping districts varied annually. This makes extensive trend comparisons for predator harvest below the regional level difficult. Both statewide and regional data appear to be most suited for trend analysis. For the period 1971-1976, data were collected by region only (see reconciliation guide below).

Generally, documentation of predator harvest data improved in 1977 with the addition of a preface in the hard bound copy of the annual furbearer surveys to explain terms used. For the period 1989-1991, the fur trapping districts correspond to the deer/bear/lion hunting districts.

GLOSSARY OF TERMS USED

Trappers = total # of trappers

Trappers reported = total # of trappers surveyed

Total catch = total # of pelts harvested (expansion factor used)

Pelts = raw # of pelts collected from survey

Mean catch = total catch divided by the # of trappers

Days = total # of days trappers had 1 or more traps set

Mean effort = total trap days divided by total catch

PREDATOR HARVEST DATA RECONCILIATION GUIDE

1991

A preface in bound hardcopy which explains terms was present. Fur trapping districts correspond to deer/bear/lion hunting districts.

161 total fur trapping districts

1990

Same as 1991

161 total fur trapping districts

1989

Same as 1990 except:

Districts dropped

104, 132

Districts added

611, 633

161 total fur trapping districts

1988

Complete rearrangement of fur trapping districts. Preface in hard bound copy explains terms used.

33 total fur trapping districts

1987

Same as 1988 except:

Districts dropped

205, 206, 303, 304, 305, 306,
307, 308, 309, 407, 408, 503,

Districts added

270, 299, 320, 399, 499,
580, 599,

28 total fur trapping districts

1986

Same as 1987 except:

Districts dropped

270, 320, 580,

Districts added

199, 299, 314,

27 total fur trapping districts

1985

Same as 1986 except:

Districts dropped

300, 314,

Districts added

310, 400,

27 total fur trapping districts

1984

Same as 1985 except:

Districts dropped

199, 299, 310, 399, 400, 401,
499, 599,

Districts added

205, 206, 300, 303, 304,
305, 306, 307, 308, 309,
407, 408, 503

32 total fur trapping districts

1983

Same as 1984 except:

Districts dropped

299, 310, 399, 400, 401, 499,
599,

Districts added

101, 121, 122, 199, 205,
206, 300, 303, 304, 305,
306, 307, 308, 309, 407,
408, 503, 590,

32 total fur trapping districts

1982

Same as 1983 except:

Districts dropped

101, 121, 122, 240, 299, 361,
400, 590,

Districts added

270, 320, 400, 410, 414,
710,

31 total fur trapping districts

1981

Complete fur trapping district rearrangement.

150 total fur trapping districts

1980

Same as 1981 except:

Districts dropped

282, 300, 310, 318, 422, 441, 447,
452, 453, 454, 550, 772, 773,

Districts added

198, 290, 316, 324, 326,
332, 350, 361, 401, 402,
415, 420, 424, 428, 449,
521, 522, 540, 560, 580,
621, 743, 770,

155 total fur trapping districts

1979

Same as 1980 except:

Districts dropped

198, 199, 200, 299, 316, 328, 329,
399, 422, 441, 447, 452, 453, 454,
500, 550, 772, 773,

Districts added

202, 282, 284, 318, 401,
402, 420, 424, 428, 449,
583, 744, 770,

155 total fur trapping districts

1978

Same as 1979 except:

Districts dropped

140, 270, 284, 318, 327, 332, 333,
361, 405, 422, 442, 477, 561, 562,
574, 621, 622, 691, 712, 713, 714,
732, 740, 741,

Districts added

198, 199, 200, 300, 310,
328, 329, 399, 415, 429,
449, 455, 472, 499, 500,
513, 560, 599, 699, 720,
730, 791, 799,

153 total fur trapping districts

1977

Same as 1978 except:

Districts dropped

141, 282, 300, 302, 310, 423, 424,
432, 441, 450, 455, 500, 550, 573,
583, 590, 631, 641, 680, 731, 743,
773, 791, 792,

Districts added

131, 140, 150, 270, 280,
318, 323, 332, 405, 422,
442, 477, 521, 550, 580,
621, 700, 721, 740, 741,
760,

152 total fur trapping districts

1976-1971

Fur trapping data was collected by region and state only.

7 total fur trapping regions

Table 1. A comparison of the number of fur trapping districts by region from 1971-1991.
